RUST PROOF IRON,

FOR

ROOFING WINDOW SHUTTERS, &c

THE subscribers beg to call the attention of all those interested in roofing, to their GALVANIZED TIN PLATES, and to the many advantages which they possess over all metalic and other substances hitherto used for this purpose possessing as they do the strength and lightness of iron without its liability to rust, having now been tested several years, both in this country and in Europe. They are also less subject to expansion and contraction from sudden changes of the atmosphere, than common Tin Plate, Iron, Zinc &c., or any other metal now used for roofing, and consequently form a much better and tighter roof, requiring far less frequent repair, while the first cost is but a trifle more

The subscribers would also call the attention of all dealers and workers in metals to the many other purposes to which Iron thus protected, can be applied. In general terms it is applicable to all articles of iron which it is desirable to protect from the action of the atmosphere. And they would especially call the attention of those interested in TELEGRAPHIC LINES, to their Galvanized Wire, which is now almost entirely used in Europe, and which answers every purpose as a conductor of electricity, costing only about one half as much as copper, and possessing equal durability with that metal

Having the civil engineer who has in this city for the purpose of galvanizing Nails Spikes Bolts Wire &c., they will be able to furnish any article which may be desired. A supply of Plates manufactured in Europe, constantly on hand from 16 to 32 w gauge GLO B MOREWOOD & CO

No 11 and 13 Beaver st New York

The Patent Right for this article has been secured for the United States as well as Great Britain, and other European countries, and all legal measures will be taken to prevent any infringement by importation or otherwise.

BOWKER'S FLOOD,

At Wholesale Prices.

FEW improvements in Agriculture have excited so much interest as Bowkers Method of making Manure. Hundreds of testimonials from Farmers who have adopted this system, prove beyond all controversy that no one need remain destitute of that supply of manure his wants require. An individual right with one copy of the Method costs $1 and no economist can hesitate to pay so trifling a sum when it can be made sensible it will enable him to double the products of his farm with comparatively small efforts. Town or County rights are estimated according to their agricultural importance. An individual or company desirous of purchasing one or more Towns or a County not disposed of, are respectfully invited to make an early application. An individual right with a copy of the Method will be sent to any section of the State free of postage. All communications, post paid, directed to the subscriber, shall receive prompt attention

HALE'S PURE RUBBER MACHINE BELTING,

For Sale by LUKE C. CHILDS, 67 Water St, BOSTON

THE above superior article is fast supplanting the use of Leather Belting, as for most purposes it is in every way better. Its good qualities are that no degree of moisture will affect it, and it will bear almost any degree of heat. It is of equal width and thickness throughout and requires only some lacing in the longest belt. Practical mechanics who have used this particular manufacture, think there is a gain of 15 to 25 per cent in the improvement of the machinery, as it is perfectly flexible and runs with much less strain upon the pulleys and drums

Also for sale a above—HOSE, and other Goods of Rubber material law6m feb 23

DR. UPHAM'S

Vegetable Internal Remedy

FOR THE PILES!

A Cure for Life Secured.

For the cure of Piles, Inflammation of the Liver and Spleen, Inflammation, Sponeous and Ulceration of the Stomach Bowels, Kidney and Bladder Inflammatory and Mercurial Rheumatism, Impurity of Blood, Weakness and Inflammation of the Spine, and for the relief of Married Ladies

THE VEGETABLE PILE EFFECTUARY, invented by Dr A Upham, a distinguished Physician of New York city, is the only totally successful remedy for that dangerous and distressing complaint, the Piles, ever offered to the American public.

Mark this. it is an INTERNAL REMEDY—not an external application, and will cure any case of Piles, either bleeding or blind, internal or external and probably the only thing that will. There is no mistake about it. It is a positive cure—*speedy and permanent*. It is also a most excellent medicine to take, and improves the general health in a remarkable manner.

Each box containing twelve doses, at $1 3 cents per dose, it is very mild in its operation, and may be taken in cases of the most acute inflammation without danger. All external applications are in the highest degree disagreeable, inconvenient and offensive, and from the very nature of the disease temporary in their effects. This Medicine attacks the disease at its source, and, REMOVING THE CAUSE, renders the cure CERTAIN and PERMANENT.

INFLAMMATORY DISEASES

Although the EFFECTUARY was originally prepared for the cure of Piles, yet it has proved itself a medicine far superior to all others, in all diseases from its peculiarly charming, with a disorganization of blood to any particular part or organ, in inflammation and congestion of the Liver and Spleen, Inflammation, Sponeous and Ulceration of the Stomach, Bowels Kidney and Bladder, in Gonorrhoea and mercurial Rheumatism, it is the BEST Medicine ever discovered.

IMPURITIES OF THE BLOOD.

For all impurities of the Blood arising from the improper use of Mercury, or other causes, for a disease of the Skin, or Scrofula, Affections, in all cases where the blood is poisoned, and causing to the Bowels producing dizzy head, dull distress, DR UPHAM'S EFFECTUARY will prove a valuable remedy.

TO MARRIED LADIES

Married Ladies are almost universally subject to that painful and dangerous disease, the PILES, with consequent inflammation of the Stomach, Bowels and Spine, weakness of the back flow of blood to the head &c—This Medicine is perfectly safe for Pregnant Ladies, and the most painful Cases of Piles that can possibly be cured, as it will not only prevent the Piles and all inflammatory diseases WITHOUT PAIN or IRRITATION, but will ensure an easy time, a safe delivery, and a speedy recovery to the offspring.

CURE FOR LIFE GUARANTIED

The Effectuary contains NO MERCURIAL Medicine nor Blue Pills, nor Gamboge, or other powerful and irritating purgatives. No fear of taking cold when under its influence, no change in diet necessary. Full directions for the directions. A CURE FOR LIFE IS GUARANTIED

Pamphlets giving valuable information respecting this Medicine may be had of the Agents, price 25 cts.

J. V. BRADLEE, 130 Washington st Boston, General Agent for the New England States

GREAT SUCCESS OF UPHAMS

PILE EFFECTUARY

Portland, Maine, March 14, 1847

D Upham—My dear Sir—I cannot express to you my gratitude and thanks for the wonderful cure the use of your truly valuable Pile Effectuary. I have been a sufferer to the Bleeding Piles for 10 years past so much so that I became quite debilitated, with loss of appetite, and general derangement of the digestive organs. By special advice I tried, and in fact was urged by myself, I was able to give up my business for three all kinds of medicines, had the best advice the Doctors in Boston and Philadelphia could afford, spent much money—and twice committed to painful operations. I had become perfectly tired of life, and at the persuasion of my friends I was induced to try a box of your medicine. The first I found to relieve me slightly, the second I found improved a second, and I persevered in the third I found myself getting well, and I kept on, and now I am well man. My dear sir, language cannot express the heartfelt thanks that I am once more restored to health, and now in a condition to support my large family, dependent on my exertions.

You can use his letter as you please.

Your respectfully, SAMUEL CHARLTON

July 22

To JOHN HALE, of FOXCROFT

Send the Publication in general particularly to Druggists, Merchants, Booksellers and Farmers

Mr. John Hale:

Dear Sir—It seems to be due to you and to my self, to lay before the public your confession to me in May or June 1847, in the town of Brewer in the presence of Elder Parker and G O Goodwin, merchants, and one or two other persons in Parker's store, that you sold in the year 1844, to Silas Buffum of Corinth, Me, a receipt or knowledge of the mode of manufacturing Dr White's Paster, also that you sold or conveyed a like receipt to Elder Pratt at Swanville Bridge and to Robert Spinney, Esq, P M at Boothbay, and to Mr—Tolman, a merchant atIngraham's corner, Camden. Since you made said conveyances of the knowledge of making said Paster, and after you knew what I had such receipt and right to make and sell. You have travelled on this Home and have stated to those persons who were supplied with said Dr White's Paster, not made by yourself, that it was a counterfeit article and that you were the only person who had a receipt or right to manufacture Doctor White's Plaster.

From confession, (which I have in writing, with your own signature, and witnessed, together with what you have repeatedly stated about the counterfeit, and which can be proved by the testimony of the following named persons, invite you in the name of fraud and deception, such as few men would be willing to resort to. These are the witnesses referred to

THE WIDOW of Elder Pratt, Swansville,

Col. C A MACOMBER, E Thomaston,

Elder WAKEFIELD, do do

B K BOND Jefferson,

Mr. HASKELL, Innkeeper Jefferson,

J W HINKS & CO. Bucksport,

WM BARNARD, Waldoboro',

and 1000 others if necessary—and evidence can be had in this city to corroborate the above statement

You have taken advantage of a fair and honest appearing exterior—your countenance is prepossessing and you can thereby easily deceive many; hence I am compelled, in self defence, to expose your real character

The Public are respectfully informed that I shall continue to manufacture the genuine WHITE'S PASTER in strict accordance with the Original Receipt, which shall not be second to any made in this state. The efficacy of my Plaster is fully established in this city. *P. G. BROWN*

DR. WARREN'S

SARSAPARILLA TOMATO AND WILD CHERRY

PHYSICAL BITTERS,

At 50 cents per Bottle.

SARSAPARILLA, TOMATO and WILD CHERRY BITTERS have now become a standard Medicine, universally approved by Physicians as a safe, speedy and efficacious remedy for *Scrofulous, Mercurial and Cutaneous Diseases* Jaundice, Indigestion, Dyspepsia, Bilious disorders, Liver Complaints, Costiveness, Weak and Sore Stomach, Ulcers and running Sores, Swelling of the Limbs, Pain in the Bones, Pimples in the Face, Rheumatic Affections, Salt Rheum, Dyspepsia, Bad Humors, Eruptions on the face or body, Cutaneous diseases, King's Evil, Chronic Catarrh, languor, debility, headache, dizziness, sallow complexion, and all those disorders which arise from the abuse of Mercury, or from an impure state in the blood, no matter how acquired.

The extract here presented is prepared according to directions given by the celebrated Dr Warren, whose name it bears, and it will be found superior to any preparation of the kind now in use. It is highly concentrated, entirely vegetable, and very finely flavored to the taste. The change which it produces in the condition and tendency of the system is *speedy and permanent*.

As a Spring Medicine for purifying the blood—active cleansing the stomach and body, and changing all consumptive habits, the Sarsaparilla, Tomato and Wild Cherry Bitters are entirely unrivalled.

Prepared and sold by DAVID P BRADLEE, at the *Medical Depot* (Sign of the Eagle) 100 Washington street Boston, General Agency for Buchan's Hungarian Balsam of Life, Dr Upham's Pile Effectuary, Dr Lee's Vermifuge and Purgative Pills, Dr Jackson's Invisible Dye Hair, Brad Lee's New England Hair Restorative, Bobbins's Sugar cured Hams &c

All the above, and the popular Medicines in general use are genuine, at the lowest possible prices.

THE FIFTH EXHIBITION

OF THE

Massachusetts Charitable Mechanic Association,

For the Encouragement of Manufactures, and the Mechanic Arts,

Will take place at

FANEUIL AND QUINCY HALLS,

IN THE CITY OF BOSTON,

Commencing on *Wednesday* September 15th, of the present year

The Government of the Association being vested with full powers to make all necessary arrangements announce our FIFTH EXHIBITION in full confidence that the various and important improvements in every department of Mechanic and Manufacturing industry to which the inventive genius of our countrymen is constantly giving birth cannot fail to render this Exhibition more valuable interesting and beneficial, than either of its predecessors

We therefore respectfully invite and solicit Models, Manufactures and Artists throughout the Union, to contribute specimens in every department of labor or skill, articles of wood stone, metal, or any other material. The products of the loom in silk, cotton, wool hemp, flax or hair, the creations of female industry and taste and in fine any production, made of whatever material which contributes to the comfort or improvement of society.

And we hereby offer a Premium of One Hundred and Fifty Dollars to the inventor of such machine, implement or scientific discovery, as shall be deemed by the Judges most important to the welfare of mankind. Also a premium of One Hundred Dollars in such machine, &c as shall be considered *next in importance*, and one of Fifty Dollars for that which shall stand *third* in this respect. It being understood that such machine or implement, and, if practicable such specimen of discovery shall form part of the present Exhibition

MEDALS (of Gold or Silver) or honorary Diplomas, will be awarded, as the articles exhibited may deserve and the Managers pledge themselves that the strictest impartiality shall be observed in their distribution

Articles, to ensure a conspicuous place in the Exhibition, should be sent in season that they may be registered by the Superintendent at Quincy Hall on or before Saturday Sept 11th

THE FREIGHT of all articles, machinery, &c, which may be sent for the Exhibition over the various railroads connecting with the city will be paid, such articles, &c, are accepted and actually exhibited, be refunded by the Association

All who may wish to present models or goods for premium or exhibition are requested to address Mr JOHN KUHN, Secretary to the Association City Building, No 21 Cornhill Square Boston *post paid*, which will meet with immediate attention. The Secretary will furnish, on application gratis, copies of our *Code of Laws*, and all the precise Rules and Regulations of the Exhibition

By order of the Government

GEORGE G SMITH

For Clerk of Courts

Piscataquis—WM G CLARK

Kennebec—WM M STRATTON

Hancock—ANDREW CHUPP

Somerset—LLEWELLYN KIDDER

VOTES.

Printed Votes for the county of Penobscot are ready for delivery. Let the Whigs in the several townships see to it immediately that they have a supply and that they are early and properly circulated and be sure and have them at the Polls early.

A WORD IN TIME.

Every good Whig, who regards the reputation and the interest of the State and the country, should now turn his attention for a few days to the coming election, and make an effort to bring out a full vote, and to have that vote right—Let each man look about in his own neighborhood, and among those whom he sees frequently, and talk with them, so that none shall be deceived by false statements. More than nine tenths of the voters mean to do right, but there are always a few interested in deceiving them the few who look to their own interest the few who, looking to the spoils themselves, care not who else suffers, if they succeed in feathering their own nests.

Let no man stay at home on the 13th of September, who knows what is right, for those who vote wrong will pretty certainly be on hand.

Keep it before the People,

That SANFORD KINGSBERY, of Kingsbury, in the County of Piscataquis is the Whig candidate for Representative to Congress from the district composed of the counties of Penobscot and Piscataquis. He is a man the Whigs are not ashamed to name and recognize as their candidate at their public meetings, and he will receive their united and hearty support at the polls. Mr Kingsbery's known hostility to extensive usurpations, to the assumption of the war making power by the President, to the invasion of a sister republic for the purpose of conquest, to the slave traffic and extension and perpetuity of slavery, and the cordial manner with which he has ever advocated the Wilmot Proviso, each and all recommend him to the hearty and earnest support of all friends of constitutional rights and human liberty throughout the district.

Let, then, every voter who believes the declaration that "all men are born free and equal," remember that every vote cast, for Mr Curtis, the abolition candidate will count for Mr Wiley and for slavery, and the slave power. We trust no good citizen will commit so suicidal an act, so misrepresent himself but give his vote directly for SANFORD KINGSBERY.

[Piscataquis Farmer.

Things to be Considered.

The members of the 29th Congress, thus far have all been elected after a severe contest—Every where the great importance of the issues before the country has been appreciated. Shall it not be so in Maine. We have yet four members a majority of our delegation, to elect on the 13th September. Shall we elect peace men or war men, men in favor of the spread of slavery or opposed, men in favor of protecting home or foreign labor, or otherwise? Shall we take no warning from the addition of other countries? Great Britain has contracted a debt of 800,000,000 sterling in wars of conquest. Every [illegible] of being a positive and [illegible] France [illegible] Africa [illegible] Great [illegible] for a people who [illegible] quence [illegible] by [illegible] ground to the [illegible] heavy [illegible] for all [illegible] The present war we are waging against Mexico [illegible] be continued without the consent of the representatives of the people. It is idle to say that Mr Polk is alone responsible. It is true he assumes [illegible] responsible [illegible] war without authority, and deserves to be impeached, but he cannot continue it without the means, and the control of those means was placed by the constitution in the hands of Congress, for the very purpose of holding him in check when necessary.

The people, then, through their representatives, are answerable for the continuance of the war, they are, in fact, the sovereign power of the country, and have no right to make Mr Polk the scape-goat of their national crimes, because he is willing to do so. It will not do for any man to say he washes his hands of all responsibility for the wicked war, if he does not exercise his privilege and his duty by using his best endeavors to elect men to Congress who will put a stop to it. And where he is morally certain that one of two men will be elected—the one in favor of the war and the extension of slavery, the other opposed to both—the voter who, instead of deciding between the two, throws his vote for some third person who he knows cannot be elected, actually gives his assent to the continuance of the war and the extension of slavery. No man in this country can relieve himself from this responsibility in the eye of reason and common sense. To his conscience and his God he must answer for himself.—Ken. Jour.

York County Teachers' Institute.

No. 3.

To the Editor of the Whig and Courier.

Our Institute is daily increasing in interest and numbers. Our number was at first small when we commenced, owing to the false impression in the community as to its nature and design. Many kept back at first so as to have a glimpse at the creature before committing themselves to its maw. There seemed to be a sort of mystical doubt existing, whether it was an entity or nonentity, and if an entity, whether equally doubtful whether its proportions were good or bad—and if bad it remained a question of dispute, in what the bad consisted or if good, what constituted that good. In some of the towns the belief obtained, that it was not designed for female teachers. But correct information on the subject rapidly spreading, and evening prepares ready convinced that it is neither a shark nor an alligator. The first day you would occasionally see an individual come within a rod or two of the door and look in with a peculiar kind of stare which can be better imagined than described. We now have quite a number of visitors in during the days, and a crowded house during the evening lectures. We had a day in addition to our regular course of lessons and discussions to exercise on mental arithmetic by Mr Colburn of Mass a graduate of the Normal school. Also an evening on Geography by Mr Walton teacher of the model school at West Newton Mass. Both of the gentlemen were exceedingly happy in illustrating their subjects. The lecture this evening was given by Mr Fitz of Cambridge port, on music. The speaker gave a brief history of music from the earliest ages of the world down to the present time, discussed its connection with education and its claims to a place in our public schools. ***

Alfred Sept 1 1847

The Ounce Letter.

The Philadelphia Sun says, it has been at great pains to ascertain how much can be transmitted for five cents. An ivory upon half ounce is 218¾ grains. Wafer One gram. Sealing wax, usual quantity, 5 grams. A sheet of foolscap weighs 172 grains, letter paper, 135. Small envelopes, 42 grains, large 52. You can send a letter 300 miles for 5 cents, containing the sheet of paper with three bank notes in an envelope. Half a sheet of letter paper with a half eagle enclosed under wafer. A sheet with a dime and a half enclosed, secured by wafers. A single sheet of letter paper with a quarter eagle enclosed, secured by wax. A sheet of foolscap in an envelope, sealed with wax. One and a half sheets of letter paper, secured by wax or water. The calculations are based upon the ordinary letter paper now in use. By using very thin French paper, a greater number of sheets go to the ounce, of course.

THE CHRISTIAN EXAMINER, AND RELIGIOUS MISCELLANY, September, 1847.

Messrs G R Smith & Co the Bangor Agents, for this work, have received the September number and are prepared to furnish copies to subscribers and others.

This number is particularly valuable. The article on the moral wrong of slavery will very justly attract attention at this time. We refer to the article rather than undertake to give a description of it.

The following is the table of contents:—

John Calvin

Relation of Liberal Christianity to our Age and Country

Mills's Travels

Noyes's Translation of the Psalms

Study of Ornithology

More Wrong of Slavery

The Late Thomas Gray, D D

Prescott's Conquest of Peru

Rev Wm B O Peabody

The Catacombs and the Church of Rome

Notices of Recent Publications

Intelligence

☞ Some time since the Cortland Whig was supplied with a new set of types by the generosity of a gentleman whose name was not made public. We now learn from the Syracuse Journal that the generous donor was J A Barry, Esq, a whole souled Whig, whose desire to see the extension of sound political principles was deep enough to be felt in his pocket.

☞ An exchange paper advises every man to eat his apples at home, or in the street instead of crouching them in other peoples ears who are engaged in reading or other pursuits, and to whom the sound of apple eating is a thousand times worse than young thunder.

☞ The Independent Democrats of Waldo have recently held a convention and nominated as their candidate for member of Congress Mr White, who formerly represented that district. They are going into the election with some zeal and will show, it is said a respectable vote.

☞ A small Bot Conductor ten feet long, was passed from its keeper, at Providence, on Wednesday night and has not yet been found.

☞ We tender our thanks to Col Maxwell Director on the Eastern Rail Road, to Capt Jewett, and to Mr Haines, Clerk of the Governor for papers forwarded us Saturday, in advance of the Mail, by our prompt friend Mayor.

☞ We tender our thanks to Jerome & Co's Express for papers received Saturday in advance of the mail.

☞ A fine mine opened here last night.

From the Rio de La Plata.

The negotiations at Buenos Ayres between the French and English Ministers and General Rosas have been broken off and the plenipotentiaries received their passports. Trade is greatly agitated.

Parcles.

We have been asked the question whether Santa Anna might not have transferred his pass to Paredes, in order to enable the latter to get into Mexico. We should presume not, as we take it for granted that the pass to Santa Anna was like an editor's ticket—"not transferable."

[N O Bulletin

Telegraphic Despatch to the Boston Traveller.

New York, September 3, 11 o'clock, A M

Yellow Fever.

There were 36 new cases of yellow fever reported at New Orleans on the 26 h ult. The fever was increasing at Mobile.

Ship News.

Arrived—Switzerland from London, Robert Bruce, from Belize, Honduras, Pedroza, from Nassau, Nancy Bishop, from Trinidad.

3 o'clock, P M

Arrived at New Orleans 26th, Rio Ocean us, and Acadian, from Boston.

Markets.

New York Thursday evening

Flour heavy and no marked change, sales of 3000 barrels. Corn down, 66 to 70 cents, and sales 25 000 bushels.

Provisions active, sales 1000 barrels Pork 500 bbls, Beef, 200 bbls, Lard, 500 kegs, at previous prices.

Cotton stagnant, and heavy of sale.

Exchange—sales £20 000 sterling at 8½.

☞ A fire broke out in Gorham, Maine on Tuesday morning, in the House on the Clark farm, on Fox Hill, occupied by Aaron Clark and family. The house and out buildings, excepting the barns, were consumed, furniture saved.

The boiler of the extract works of the Stamford (Conn) Manufacturing Company, blew up on monday morning, destroying the building, and killing four men, Mr Downing, Mr Aaron Meeker, Mr Wm Weed, and Mr Taylor. The two former were painting the building. Three other persons were injured.

☞ Mr Gough is lecturing upon temperance at St John with great success. Applications have been made to him from Halifax to come there and lecture, but the St John papers intimate that his engagements will not allow of it.

The War.

The following paragraph is from the N O Commercial Bulletin:—

"We repeat that orders have been forwarded Gen Taylor directing him to send two regiments from his command at Vera Cruz, and that the plan of his advancing on St Luis de Potosi had been abandoned, and he will not move from his present position. It is left to Gen Taylor to select the two regiments that are to go to Vera Cruz. We have no doubt but that Gen Taylor will carry out his previous intention of resigning the command, and will return to the United States in November if not sooner."

The Picayune also had a letter mentioning a report at the Brazos that Gen Hopping was soon expected there, and that several general officers would be detached from Gen Taylor's column to repair to the line from Vera Cruz. The following is from the Picayune:—

"We have received a letter from our Vera Cruz correspondent, dated the 13th August in which he says that an ordinary express was despatched that morning at 4 o'clock, by the English consul, to overtake General Scott. Our correspondent presumes that something very important must have been despatched for the regular English courier, the best express man in the world, was expecting to go up the following day upon the arrival, then expected of the English steamer. Conjecture was busy as to the nature of the despatch. One can hardly avoid connecting the purpose of the messenger with the anticipated arrival of Paredes. Every thing indicating British complicity with the return of Paredes should be investigated."

Mr Coolidge, of the Mass regiment, and others, arrived at Matamoros, from Monterey Aug 1, report attacks upon the mail wagon, and upon a merchant train and a government train by the Mexicans, the merchant train said to be captured.

Later from Brazil and Buenos Ayres.

A file of Jornal do Comercio to July 22, has been received at the Merchant's Exchange.

Barque Veloz arrived at Rio, July 21, from Buenos Ayres on the night of the 7th. The intervening Ministers had retired from Montevideo, and the French forces had closely blockaded Buenos Ayres, and were at the point of taking some vessels that were intending to sail—The same day that the Count de Walewski sailed, or the 5th, a schooner was captured by the boats of brig Pandour, which received some shot from the shore. The English forces remained entirely inactive, till the night of the 7th. The Captain of the Veloz reports that he passed the latitude of Montevideo on the 5th inst, and heard heavy cannonading from the land.

[Advertiser

The following is the concluding paragraph of an excellent article in the Hartford Courant:—

"We have no sympathy with that lust for territorial aggrandizement which a spurious patriotism attempts to pass off for the destiny and mission of this country. The area of true freedom can never be thus forcibly extended—We trust that such ideas of national growth may become obsolete as speedily as possible, and give place to the true and just notion of progress our elder statesmen in time past were wont to cherish—progress is knowledge, arts science religion, and virtue, yet are which is love and [illegible] Hitherto Bacon, the [illegible] statesmen [illegible] character and the best good of the people [illegible] all succeeding generations requires that the one institution, which have indeed the growth of half the Union shall not extend its sign influence over a single acre of newly acquired territory.

☞ The Yankee Blade and the Thomaston Gazette of last week, treat of Aroostook matters.

☞ The people of Portland are starving themselves in behalf of a beautiful common for that city.

A good old Whig.

A correspondent of the Knoxville (Tenn) Register, writing from Sullivan County, says:

On Thursday last John Van Hooser, of this Co, who is *one hundred and fifteen years old* went one and a half miles to the place of holding the election and voted the whole Whig Ticket. He has voted at every Presidential election, which has been held in the United States. He was a Whig in the Revolution and is a Whig now.

The gilded lantern of Mr Crutchett's has been raised to the top of the pole some seventy three feet above the lofty dome of the Capitol and is to be lighted in about three or four weeks from this. The chamber of the lantern is six feet in height—On the top of it is a high liberty cap, a vane and ball, all gilded. Since the lantern has been raised to its position, Mr Crutchett and Capt Easby have both been up into it. The glass windows are yet to be put into the lantern.—Washington Union of the Baltimore Patriot.

SATURDAY Sept 4.

Lumber of all kinds is very scarce, and in quick demand—more purchasers than can get it. Cargoes are not arriving as rapidly as in June, and vessels have stopped on our river. Freights are run from above the freshet operation so low as the water in consequence of scarcity of lumber arrival in the price of shingles and laths. Coarse boards and shipping are higher than they have been this season.

Freights are about 25 cents less than when last quoted—to Boston 225 over the Shore, 2,30.

☞ PILES—This distressing complaint in all its stages proceeds from a want of proper action of the bowels—the foul humors, instead of being thrown upon the surface, are thrown back upon the system, being left from the bowels in a partially stagnant state, and being left as it were in the bowels, is the cause of the vexatious complaint called the Piles, and subsequently ulcerated and it ripens into a more horrid form of disease called Fistula.

Wright's Indian Vegetable Pills, of the North American College of Health, are a safe and natural remedy for the above complaint, and will in all cases make a perfect cure, because they effectually cleanse the body from these morbid humors which are not only the cause of Piles, but of every other malady incident to man.

Beware of Counterfeits of all kinds. Some are coated with sugar, these are made to resemble in outward appearance the original medicine. The safest course is to purchase from the regular agents only, one or more of whom may be found in every village and town in the State.

The genuine for sale by DAVID BUGBEE, who is the only authorized agent for Bangor.

New England Office—138 Tremont street, Boston. 1aw

☞ SPECIAL NOTICES ☜

The extraordinary GRAEFENBERG PILLS, which are achieving unparalleled triumphs in various sections of this country, are now introduced into this vicinity—Everyone should read the advertisement of the Graefenberg Company, which will be found in another column.

For sale in Bangor, by D BUGBEE, Agent.

☞ THE FALL TERM OF MISS H E CALL'S SCHOOL, will commence on MONDAY, Sept 6th.

EXECUTOR'S NOTICE.

THE subscriber hereby gives public notice to all concerned that he has been duly appointed and taken upon himself the trust of an Executor of the last will and testament of

SAMUEL LOWDER, late of Bangor, in the County of Penobscot, Gentleman, deceased, by giving bond as the law directs. He therefore requests all persons who are indebted to the said deceased's estate to make immediate payment, and those who have any demands thereon to exhibit the same for settlement to

JOHN WILKINS

Bangor, Sept 1, 1847 de 31—w3 s6

To the Honorable Justices of the District Court for the Eastern District, to be held at Bangor, within and for the County of Penobscot January Term A D 1847.

THE Petition of Page Eaton of Hermon in the County of Penobscot in the State of New Hampshire, shows that he has heretofore been duly appointed, and approved by the legal authorities in New Hampshire and in Maine, guardian of Elizabeth B Cram, Lucinda H Cram, James L Cram and Thomas E Cram minors and children and heirs of James Cram and of Lydia K Cram their Father and Mother, late of Dixmont in the County of Penobscot, Maine, that he and his said wards do not reside within this State. He would further represent that the said wards are seized in fee simple of the following parcels of land in said Dixmont, viz: One undivided half of a certain tract or piece of land in said Dixmont, beginning at the east end of the town road at a stake and stones, leading from Dixmont Mill to Plymouth, thence East 10° north 14 rods to a stake and stones, thence South 10° East five rods 17 links to a stake and stones, thence West 10° South 11 rods to the East side of the road aforesaid, to a stake and stones, thence northwardly by the east side of said road to the first bound.

Also one half of the turning Mill on the stream adjoining the south-east corner of the before described premises, and also one half of the Mill privilege and all the privileges granted to Robert Bradford by William Stevens by Deed dated July 15 1831.

Also, one other parcel of and described as follows, beginning at a stake and stones on the west side of the road leading from Dixmont Mills (so called) to Dixmont corner, and at land belonging to Stephen W Hussey, thence South 30° East by the west line of said road four rods to a stake and stones, thence West 10° south 3 rods to a stake and stones, thence in a straight line to said Hussey's south west corner near the Mill pond, thence East thirty degrees north by said Hussey's south line 13 rods to the first bound, containing fifty-five square rods, and the two above described parcels being the same conveyed by Robert Bradford to said Lydia K Cram by deeds recorded in Penobscot Registry book 13 pages 40 and 311 reference thereto being had.

And your petitioner would further represent that it would be for the benefit of said wards that the same shall be disposed of and the proceeds secured put at interest and he would so represent that there is no sufficient personal property and estate belonging to said wards for their support. Wherefore he prays that he may be licensed to sell said real estate, at public or private sale according to law for the reasons aforesaid, and observe all the directions of the law in the premises.

PAGE EATON Guardian.

STATE OF MAINE.

PENOBSCOT ss. Court for the Eastern District, May Term A D 1847.

ON the foregoing Petition Ordered that the petitioner give notice of the pendency of this said petition by publishing a true and attested copy thereof, and of the Order of Court thereon, in the Bangor Daily Whig & Courier, a public newspaper printed in Bangor in the County of Penobscot three weeks successively, the last publication to be forty days at least before the next term of said Court to be holden at said Bangor on the first Tuesday of October A D 1847, that all persons interested may then and there appear and show cause if any they have, why the prayer of said petitioner should not be granted.

Attest WILLIAM P HILLIARD Clerk.

Public Notice.

NOTICE is hereby given to the Inhabitants of the City of Bangor, qualified to vote for representatives to the next state legislature, that warrants have been issued by the Mayor and Aldermen requiring Alfred Lowder, constable of said city, to notify and warn said inhabitants to assemble at the following places in said wards in said city on MONDAY the 13th day of September next at two o'clock in the afternoon, to act on the following articles, viz:

1st, To give in their votes for a Senator of the State, one Member of Congress, three Senators and two Representatives in the State Legislature, one County Commissioners and one County Treasurer.

2d, To give in their votes upon the question "Shall the Constitution be amended as proposed by a Resolve of the Legislature, providing that Governor shall be elected by the legislature instead of a majority of votes?"

Also upon the question—"Shall the Constitution be amended as proposed by a Resolve of the Legislature, providing that the members of the House of Representatives shall be elected by the highest number of votes instead of a majority of votes?"

Also upon the question—"Shall the Constitution be amended as proposed by a Resolve of the Legislature, providing that the members of the House of Representatives shall be elected by the highest number of votes instead of a majority of votes?"

3d, To give in their votes for or against the following words and phrases, viz: "Shall the Constitution be amended by adding thereto the following words and phrases, viz: "The credit of the State shall not be loaned, nor shall the State indirectly in any case, and the Legislature shall not create any debt or debts, liability or liabilities on behalf of the State which shall be in the aggregate with previous debts and liabilities of the State, at any time existing, exceed five thousand dollars, except to supply casual deficiencies of revenue, or to repel invasion or for purposes of war but the amendment shall not be construed to refer to any money that has been or may be deposited with the State by the Government of the United States, or any fund which the State shall hold in trust for any Indian tribe?"

Ward One will meet at the Schoolhouse on Second street in said ward.

Ward Two will meet at the City Hall in said ward.

Ward Three will meet at the Schoolhouse on Hudson street in said ward.

Ward Four will meet at the Schoolhouse on the corner of Court and Hammond streets in said ward.

Ward Five will meet at the Schoolhouse on the corner of French and Cumberland streets in said ward.

Ward Six will meet at the Vestry in the basement of the Baptist Meetinghouse on Harlow street in said ward.

Ward Seven will meet at the brick Schoolhouse near the house of J B Wetherbee, in said ward.

Notice is also given that the Board of Aldermen will be in session at their room in the City Hall from nine o'clock A M to two o'clock P M, on the day of election for the purpose of granting certificates to such legal voters as are not registered upon the ward lists.

Warrants calling said meetings are posted up at the several places of meeting by the City Marshal.

Per order,
GEO W SNOW, City Clerk.

Bangor, Aug 30, 1847. 1m

CUL[illegible]

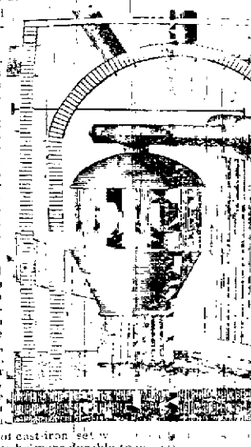
PATENT HOT[illegible]

THE HOT-AIR [illegible] Houses and [illegible] the best and [illegible] distribution [illegible] be warmed three [illegible] required, by moving [illegible] rooms. This method is new, and but few comparatively [illegible]

The Furnace is placed [illegible] in the cellar or basement of the building to be warmed and is so convenient directly under the room to be heated and as near a good chimney flue as practicable. By this mode of warming dwellings the dirt and filth and rubbish resulting from the use of stoves, pipes, gutters or tives are all removed to

CULVER'S
PATENT HOT-AIR FURNACE.

THE HOT-AIR FURNACE is [illegible] the object and purpose of which is to heat [illegible] houses [illegible] with a pure, comfortable healthy warm air, produced from the fire [illegible] the heat so [illegible] and conducts from the [illegible] conductors, in such manner that two [illegible] all, can be heated whenever required, by [illegible] of valves [illegible] registers for the purpose [illegible] the doors or registers of the rooms. This method is new, and but [illegible] comparatively, have [illegible] acquainted with its utility.



The Furnace is placed in the cellar [illegible] ment of the [illegible] be warmed, [illegible] convenient, directly under the principal rooms to be heated, and as near a good chimney-flue as practicable. By this mode of warming [illegible] dust and rubbish resulting from the use of fire-places, grates or stoves, are all removed to the cellar room, out of the way, and nothing is admitted to the room but the healthful and pure warm air.

This method of warming houses, hospitals, and other buildings promotes ventilation, which is a most valuable consideration — for people in health, nothing more agreeable; for the sick, nothing more necessary. In winter the warm air is evenly and gently warmed through the rooms, diffusing comfort every where; and in [illegible] —being in all its parts of cast-iron set [illegible] whole: is found by experience to be more durable than [illegible] liable to emit gas into the hot-air chamber.

5. The great radiating surfaces of this Furnace, exceed those [illegible] and are so constructed that the heat acts actively upon those surfaces within, and produces the immediate and powerful heat [illegible] of the cold air that is admitted to the outer surface from the atmosphere outside the building, through the tubes for that purpose.

6. The great economy in the use of fuel: making and controlling more heat than by any other process of using it—the radiating surfaces having an extent and capacity by means of an additional flat radiator and evaporating pan, through which the whole current of heat can be turned at pleasure, exhausting the whole into the surrounding air before it leaves the Furnace, and in such a manner as to be controlled at will.

7. The last (not least) merit of this Furnace, is—it can be cleansed of soot and ashes easily, without the necessity of taking down or breaking a joint; its action is simple—as easily understood and managed as a cylinder stove, and as readily repaired and kept in order.

☞ The above for sale only at my NEW STORE, Nos. 17 & 19 Central Street, Bangor, where hundreds of certificates can be seen from those who are using the Furnaces.

Sale of Land and TIMBER.
LAND OFFICE.
Bangor, August 13, 1847.
NOTICE is hereby given, that on and after the 14th day of September next, at 10 o'clock A.M. the following described townships and tracts of land will be for sale at this office, at a minimum price to be fixed on or before said day—viz:

Township No. 4,	Range 10,	West from the East line of the State		
"	No. 4;	"	11,	" " "
"	No. 5,	"	11,	" " "
"	No. 5,	"	12,	" " "
"	No. 5,	"	13,	" " "
"	No. 4;	"	13,	" " "

If at that time there shall be more than one applicant for the same tract at the minimum price, then one will be sold to the person applying who will give the largest price therefor.

Permits to a limited extent to cut timber on the undivided lands upon the Penobscot waters, which may then remain unsold, will be offered at auction at this office, on the 15th day of September next, at 10 o'clock A.M.

Further particulars to be made known at the time and place of sale.

Thompson's Compound Syrup of Tar and Wood Naptha.—If a man pills, common sense will suggest that he ought to have recourse to proper medicines for the removal of his ailments. This may be done either by consulting a respectable physician, or by taking a preparation which has been properly tested, and met with the universal approval of the public. This plan, however, is seldom adopted, owing to the specious advertisements of villainous quacks, who audaciously assert that one particular medicine will cure every disease that flesh is heir to, from the tooth ache to the gout. These worthless compositions are read by a majority of the people, who, as a rule, take the bait, the result of which is, the poisoning of first glandered, then half it not quite persons, and the rogue's fortune is made. *Compound Syrup of Tar and Wood Naptha* is now much better it is said by all people who have taken the merits of a physician's medicine before purchasing. It is said removing all doubts, and to put the purchaser to any trouble. We make the above remarks in relation to our Tar and Wood Naptha, especially as we feel confident that the result of a fair trial will prove that it is one of the most valuable medicines for the cure of Coughs, Colds, Consumptions and diseases of the Lungs and throat. This medicine we have seen with the most triumphant results, and many cases of affections of the lungs have come under our notice which were speedily cured by a few bottles of *Thompson's Compound Syrup of Tar and Wood Naptha*. Be particular and get the genuine. It is prepared only by Agnew & Dickson, at the N. E. corner of Fifth and Spruce streets.

The above medicine is for sale in this city by Hall & Young, agents, 4 Smith's Block.

ADAMS HOUSE,
No. 37½ Washington Street,
BOSTON.
L. & W. T. ADAMS beg leave to inform their friends and the public, that they have taken the above new and splendid Hotel.

THE ADAMS HOUSE was erected during the past season to supply accommodations demanded for increased and superior accommodations in this City. It is located on Washington street, within five minutes walk of the great Southern and Western Rail Road Depots, and the business sections of the City. It is adjacent to the Park, and the Capitol commands a beautiful view of the Harbor and the adjoining towns.

The House has been constructed after the most approved plans, with all the modern improvements, to minister to the comfort and convenience of the Travelers, and the Constructors' long experience in Hotels has enabled him to introduce many improvements, which are, as yet, peculiar to this establishment. It is built of Quincy Granite, and contains *one hundred and fifty Rooms*, convenient warmed apartments and single apartments, well ventilated, and supplied with an abundance of pure soft water.

The Furniture was made to order from the best patterns, with special regard as well to comfort and convenience, as luxury and splendor.

Our Table will be supplied with all the luxuries of the season, and we pledge ourselves that the *rarities* of the season shall be placed upon it.

We have devoted unusual attention to the selection of Servants, and our Guests may rely upon prompt and polite attendance.

Porters will be in readiness at the various Depots to take charge of baggage, and provide Carriages for our Guests.

The Proprietors trust by strict attention to the wants of Guests to merit a share of patronage, assuring all who may favor them with a visit that nothing shall be wanting on their part to render the Adams House, second to none in the Union.
L. & W. T. ADAMS,
Proprietors.
ADAMS HOUSE.

COMMERCIAL HOTEL,
Corner of Wall and Water Streets.....*Bangor*
THE subscriber would respectfully give notice to his friends and the public, that he has taken a lease of the spacious and elegant building on the corner of Wall and Water streets and opened the same as a Hotel. It has been fitted up in superb style—contains several fine suites of rooms, parlors and chambers—and altogether will compare favorably with any hotel in Maine. Its locality is central and convenient for persons visiting the city on business, and for those intending to take the steamers, being near the steamboat landings.
☞ Good Stabling, and a faithful Ostler always on hand.
NORMAND SMITH.
